Background Check - Fingerprinting

For advisors who received the letter in the mail regarding Fingerprints for 2019, you were required to get your background fingerprints done by **November 1, 2018**. For those of you who have not yet done this, please schedule time to complete this task as soon as possible.

FYI - We have checked into a few other facilities that you can go to get this background check completed. This list is posted on our website as well as the reimbursement form.

ALSO REMEMBER: you must go into 4-H Online and enroll yourself into the 2019 program year so when your fingerprint report comes through the system, they will be able to match them to your profile. I already have two names on the monthly unclaimed list. Their fingerprints are done, but they have not enrolled in the system for 2019.

You can be reimbursed for this expense. All you have to do is complete the reimbursement form, attach your receipt and bring it to the Extension office, or drop it in

the **RED** OSUE drop box that is located at the west entrance of our building. [CLICK HERE](#) for a copy of the reimbursement form.

Enroll into 4-H Online for 2019!

The 4-H online system has rolled over for the new 4-H program year and you can begin enrolling yourself into the system as you all did last year. Just Note – we will not approve any members until at least March. That way, you should be able to get back into the system and make any changes necessary. Once we approve you, you cannot make any changes and would need to contact the office.

You will log-in to the system using your **family** email address and password from last year. If you do not remember your password, you will need to click on the “**I forgot my password**” button. The system will then email you a password to log-in. Once in the system, you will be prompted to change your password.

[CLICK HERE](#) and this will take you to our website to the 4-H online section.

Please remember to type in the entire email address. **DO NOT auto-fill it when it pops up.** The system will not let you log in that way.

If you have any issues or questions, please give us a call at (513) 887-3722.

Unfortunately it is time that of year where we may have uncertain weather conditions. If you are not sure if the office will be open, or if an event will be held, you can check the following:
