

4-H News & Important Information

November 10, 2021

Hello 4-H Families,

I hope you are enjoying this fall weather we are having here lately. Go out and enjoy it while we can as the colder weather is coming soon. As we are moving into the holiday season, please remember to take time to enjoy your family and friends. These past few months has been up and down with many changes, but we have made it through and made it work!! CLOVER STRONG! This past week we had the achievement night program, and it was nice to see everyone there. During the program we did an activity with “popcorn”. We asked the youth to write down “Why they joined 4-H”. It was amazing to hear the answers from the youth from I want to learn more about STEM projects, learn to sew and cook, my friends joined 4-H, I heard it was fun, camps, fair and many others. So, my question to you is WHY did you join 4-H? Send me your WHY. We want to put together a list of responses to Why you joined 4-H. Please email it to me and include in the subject line “WHY I joined 4-H”.

-Erin

It is with much sadness we inform you, we have lost two outstanding members who gave so much to the Butler County 4-H program.

Jim Graham, the grandson of A.B. Graham, passed away October 29, 2021. Jim was a member of the Butler County 4-H Committee for many years. He served as an advocate for the 4-H program and promoted it with the county sharing the wonderful things 4-H has to offer. You might have seen Jim at the county fair with a camera in his hands taking wonderful photos of the youth exhibiting their projects. Jim also had a passion for working with wood. For many years, Jim helped with county fair judging of woodworking projects.

Bobby Eastham was a 21-year advisor of the Blazin' Saddles 4-H Club, and passed away on Saturday, November 6, 2021. Bobby served as the President of the Butler County 4-H Committee, Vice President of the Horse Advisors Committee, and was an adult advisor for the Butler County Junior Fair Board Horse Department. Bobby was always a very creative thinker and always thought of different activities to help promote the 4-H program. He wanted to see all youth learning and having fun in the program. You might have seen Bobby behind the grill serving up pancakes at our annual 5K or in the announcer stand during the horse shows at the fair. He always helped the junior fair board kids announce during the shows. On the last day of the fair, Bobby who will always be known for his "high energy", gave out the awards to all horse participants.

Both Jim and Bobby had their hearts in the 4-H program. They both gave so much support and dedication to this program for many, many years. They are CLOVER STRONG, and our support and condolences are with their families.

WITH DEEPEST
Sympathy

Congratulations to our Achievement Award winners! The following 4-H members completed the Clover Award form in September and were selected to receive awards during the Achievement Night program that was held on November 4, 2021. If you were unable to make the program, you can pick up your award at our office.
