About Our Speaker

Denise Ellsworth is the Program Director of honey bee and native pollinator education in the Department of Entomology at The Ohio State University. She supports and teaches beekeepers, farmers and gardeners through a variety of workshops, webinars, written materials and electronic resources. Denise holds Bachelor and Master of Science degrees from The Ohio State University with an emphasis in Environmental Education and Plant Pathology. She is a contributing writer for the *Akron Beacon Journal* and an educator in many areas including plant pests, integrated pest management, plant identification and botany.
