## What Can You Do With Your Woods?

The woodland you own may be something you purchased or something you 'got with the farm' but now that it is yours what should you do with it? This is a common question from woodland owners.

This one evening workshop will cover topics on how to assess what you have to get where you want! We will also talk about managing for wildlife - what are those key components that need to be there to make it all work.

Class Fee: \$15
