Workshop for Early Childhood Educators

May 8, 6—9 pm

1802 Princeton Rd, Hamilton

Cost: \$10

Growing Up WILD: Exploring Nature with Young Children :

- Is written for early childhood educators who work with children ages 3 to 7.
- Contains 27 hands-on, field-tested activities that focus on wildlife and nature.
- Features arts and crafts projects, music, conservation activities, reading and math connections, and ways to continue the learning process at home.
- Blends social, emotional, physical, language, and cognitive domains to help foster learning.
- Targeted to young children and is appropriate for their learning styles, social skills, and cultures.
- Is correlated to the National Association for the Education of Young Children (NAEYC) Standards and the Head Start Domains.
- Is referenced throughout ODE's Model Curriculum for Science

Registration Deadline is May 1

Register Online: www.butlerswcd.org (Sorry, no refunds). If you require OCCRR credit, you will also need to register on their site **ST#10128501**
